Form 4

Complete work station

Consists of a designer side-panel desk and sideboard unit. The sideboard has two sliding door compartments with three drawers in the middle. Behind the sliding doors are two shelves. There is enough room behind the sliding door to place a PC, cable outlets exist. The sideboard can be mounted on the right or left side. The desktop is available in white, light grey, maple, graphite, wenge or anthracite, the side panels of the desk and the complete sideboard are in white.

Complete workstation with sideboard, sideboard can be mounted on the right or left side. Dimensions: Desk W 180 x D 80 x H 74 cm, Sideboard W 160 x D 50 x H 58 cm	Colours						€/ Piece

Sideboard

This sideboard has 2 sliding doors and 3 drawers in the centre. Behind the doors is enough storage space for files etc.

Hinged door cupboards

These hinged door cupboards have stainless steel door handles and a central lock. The doors are available in white, maple, graphite, wenge, anthracite or glass. Cupboards have rear walls, for any unlevel flooring the cupboards have a height adjustment in the base to ensure that they stand level.

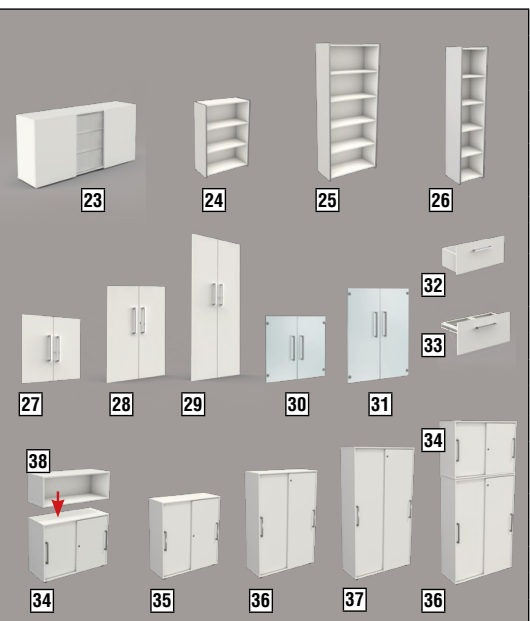

Sliding door cupboards

These sliding doors offer a space saving capability. They are lockable and have stainless steel door handles. These come in several numbers of shelf variation. The 2 and 3 shelf models are stackable. All the cupboards have rear walls, enabling them to be placed free-standing in offices.

These sliding door cupboards have **steel shelves**, which have a greater load capacity compared to wooden shelves.

Sideboard

This sideboard has 2 sliding doors and 3 drawers in the centre. Behind the doors is enough storage space for files etc.

Hinged door cupboards

These hinged door cupboards have stainless steel door handles and a central lock. The doors are available in white, light grey, maple graphite, wenge, anthracite or glass. Cupboards have rear walls, for any unlevel flooring the cupboards have a height adjustment in the base to ensure that they stand level.

Sliding door cupboards

These sliding doors offer a space saving capability. They are lockable and have stainless steel door handles. These come in several numbers of shelf variation. The 2 and 3 shelf models are stackable. All the cupboards have rear walls, enabling them to be placed free-standing in offices.

These sliding door cupboards have **steel shelves**, which have a greater load capacity compared to wooden shelves.

Complete work station

Consists of design side-panel desk and sideboard. The sideboard has two sliding door compartments with three drawers in the middle. Behind the sliding doors are two compartments, one for storing files and one for general storage. There is enough room behind the other sliding door for a PC with cable channels. The sideboard can be mounted on the right or left side. The desktop is available in white, graphite or anthracite, the side panel of the desk and the sideboard are white. The white side panel is decorated with a glass panel and stainless steel strips.
