Bari Compact Reception Counters:

The counters have a front height of 112 cm. The worktops behind the front are 75 cm high and 80 cm deep. For neat cable management, the worktops are equipped with cable outlets. Each counter is available in two finishes: all-white or anthracite/oak. The table of Counter 5 is always white. Extension elements (Item 1) can be used to expand the compact reception counters into multi-user counters. The counter can optionally be equipped with a storage element (Items 2 and 3). An LED lighting strip (Item 4) can also be added.

Accessories:

The storage unit has an adjustable shelf and provides space for a PC, folders and documents.
Dimensions: W 30 × H 73.5 × D 60 cm

2 **Storage unit without door**

Bari modules – for custom reception counter configurations

The modular counter elements allow reception counters to be configured freely. The modules have a front height of 112 cm. The worktops behind the front are 75 cm high and 80 cm deep and feature cable outlets for neat cable management. The counter can optionally be fitted with storage units (Items 13 and 14) and a drawer (Item 12). An LED lighting strip (Item 11) can also be added.
For inspiration, we have shown five example configurations.

Cable outlet included
